Linkedin | GitHub | Portfolio | Nagpur

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in building responsive, user-friendly web applications using HTML, CSS, JavaScript, React.js, Ajax, and Bootstrap. Skilled in developing admin dashboards, integrating REST APIs, implementing dynamic UI features, and optimizing performance. Passionate about creating visually appealing and efficient frontend solutions.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, jQuery, JSON

Frameworks & Libraries: React.js, Bootstrap, Material UI

Web Technologies: Ajax, REST APIs, Responsive Design

Tools & Platforms: GitHub, Figma, Canva, WordPress

Other: UI Optimization, Cross-Browser Compatibility

WORK EXPERIENCE

Webgile Solutions , India

July 2023 - Present

Associate UI Developer

- Developed responsive and interactive user interfaces using HTML, CSS, JavaScript, and React.js
- Built and maintained admin dashboards with Ajax-based dynamic content loading
- Integrated REST APIs using Ajax GET and POST methods
- Implemented advanced filters (keyword, date, dropdown) to improve data handling
- Optimized frontend performance, reducing page load times and improving UX
- Collaborated with backend and design teams to deliver scalable web solutions

PROJECTS

Plot Booking Website | *Frontend Developer*

- Developed an admin interface with advanced Ajax functionality
- Implemented responsive plot map rendering across desktop, tablet, and mobile devices
- Optimized data retrieval and improved application performance

Books Search Application | *Frontend Developer*

- Designed and developed a dynamic, responsive frontend interface using HTML, CSS, JavaScript, and Ajax
- Implemented Ajax-based content loading for seamless user experience
- Integrated external APIs using Ajax GET and POST methods for data retrieval and submission
- Added advanced data table filters including keyword search, date selection, dropdowns, and state-based filtering to enhance search functionality

Himalaya Corp – Admin Web Application | *Frontend Developer*

- Designed a dynamic admin panel for employee, supplier, factory, and commodity management
- Implemented role-based access control and activity tracking
- Improved real-time data interaction using Ajax

WordPress Projects

- Developed and customized informative applications for Home Loans, Commercial Loans, Transportation, and Grasses domains
- Designed responsive WordPress pages with consistent UI styling
- Created branded email templates using Salesforce
- Implemented content updates, UI enhancements, and client-specific customizations

PERSONAL PROJECTS

ChatHub – Real-Time MERN Chat Application

- Developed a real-time chat application using MERN stack & WebSockets
- Implemented authentication, profile management, and advanced messaging features

View Project: <https://snehalmoundekar.github.io/ChatHub/>

Explore – Travel Web Application | *React.js*

- Developed a responsive travel platform for browsing destinations and booking packages using React.js
- Implemented email inquiry capture using local storage with a user-friendly UI

View Project: <https://snehalmoundekar.github.io/Explore/>

Instachef – Food Recipe Web Application | *React.js*

- Built a dynamic food discovery application using React.js with REST API integration
- Ensured fully responsive design and smooth cross-device user experience

View Project: <https://snehalmoundekar.github.io/Instachef/>

EDUCATION

6-Month Certification | Full Stack Development - MERN

Livewire LiveTechSkills , India

Apr 2023 – Sept 2023

Bachelor of Cosmetics Technology

Nagpur University, India

CGPA: 8.2

Aug 2018 – July 2022

CERTIFICATIONS

- Full Stack MERN Developer – Livewire
